1. Qualitative Information on Quarterly Consolidated Financial Performance

(1) Explanation of Results of Operations

Forward-looking statements in this Consolidated Summary Report are based on information available to management as of the end of the third quarter of the current fiscal year.

Since the start of operations, the BOOKOFF Group has always been guided by the two corporate philosophies of “contributing to society through our business activities” and “the pursuit of employees’ material and spiritual wellbeing.” We are currently implementing a medium-term business plan that ends in the fiscal year ending on March 31, 2021, when we will celebrate our 30th anniversary. We are rededicating ourselves to our corporate philosophies and focusing our activities on the mission of “being a source of an enjoyable and prosperous life for many people.”

Based on this mission, we will use our strengths in Japan’s growing reuse market to become the leading reuse company with books as the core category. Our goal is to become the reuse store chain used by the largest number of customers as we adapt to changes in market conditions.

We have established two core strategies in order to accomplish this goal.

Core strategy I: Upgrade individual stores

We believe that upgrading reuse services in both our retail format and Internet platform is the starting point for becoming Japan’s leading reuse company that serves the largest number of customers. We are working on improvements for all store format packages and services.

Core strategy II: Use all the BOOKOFF Group’s strengths

In the past, the BOOKOFF Group provided separate services at stores and through channels other than stores. Now, we are creating an integrated framework that combines the platforms for members and buying and selling merchandise with systems that support these activities and with other items. In addition, every service will make full use of member and merchandise information, operational expertise, and other resources we have accumulated in each service category. The objective of these activities is to operate as “One BOOKOFF.”

During the first nine months of the current fiscal year, we undertook initiatives to add more merchandise categories to stores to reflect the characteristics of each store’s market. These activities also included the opening of five locations of BOOKOFF SUPER BAZAAR (5 Gou Sapporo Miyanosawa Store, Ito-Yokado Nagareyama Store, Mito Himego Store, Aguro Garden Kobe Komagabayashi Store and 25 Gou Yao Nagahata Store), one BOOKOFF store, three locations of the BOOKOFF One-stop Purchasing Consultation Desk, and two Jalan Jalan Japan stores in Malaysia, conversion of one BOOKOFF store into the BOOKOFF PLUS store format, as well as measures to enhance the efficiency of our distribution warehouse operations. Furthermore, we have made substantial investments for improving services for app members and establishing a network of franchised stores using our e-purchasing system. Investments have been also used to create an omni-channel structure that utilizes the BOOKOFF Online website and to move forward with our O2O (online-to-offline) strategy. Conducting all business operations in a cohesive manner as “One BOOKOFF” is the objective of all these initiatives.

As a result of these efforts, consolidated net sales amounted to ¥62,308 million, which was a 4.6% increase from the same period of the previous fiscal year. The Group recorded an operating profit of ¥828 million (a 36.1% decrease), an ordinary profit of ¥1,204 million (a 32.0% decrease), and profit attributable to owners of parent of ¥559 million (a 40.8% decrease).

Since the Group’s business segments have been combined into a single segment beginning with the first quarter of the current fiscal year, information by business segment is omitted.

See “II. First nine months of FY3/2020, Changes in reportable segments.”

II. First nine months of FY3/2020 (Apr. 1, 2019 – Dec. 31, 2019)

This information is omitted because the Group has only a single segment.

(Changes in reportable segments)

The Group's “Reuse Store Business” and “BOOKOFF Online Business” segments have been combined into a single segment beginning with the first quarter of the current fiscal year. This change is based on the “One BOOKOFF” concept. Since the integration of real store sales and online sales has progressed with the introduction of the online sales system, it was decided that the integration of the business segments would present our business results in a manner that more closely matches the actual transactions.

As a result of this change, the Group will consist of a single segment, and therefore segment information for the first nine months of FY3/2019 and FY3/2020 is not presented.
